

NOTICE TO MARINERS

Notice of environmental study activities on Seagreen Offshore Wind Farm

Date of Issue	26/05/2024	Notice Number	09/2024 Revision 1
---------------	-------------------	---------------	---------------------------

Seagreen Offshore Wind Farm – ECOWINGS Offshore Windfarm Environmental Study Rev 1.

Contact Details for Marine Coordination and Fisheries Liaison

The following contact can provide more information if required:

Telephone Number, 24/7	+44 (0) 1674 689401
Duty Marine Coordinator	seagreenmarinecoordination@sse.com
Address	Seagreen Wind Energy Ltd, Windy Waves House Montrose Port Authority, South Quay Ferryden, Montrose, Angus DD10 9SL.

Fisheries liaison is coordinated by Brown and May Marine Ltd. For all fisheries enquiries, John Watt is primary contact:

Telephone Number	+44 (0) 1379872144
Mobile number	+44 (0) 7590 880746
Email	John.Watt@brownmay.com
Address	Brown and May Marine Progress Way Mid Suffolk Business Park Eye, Suffolk IP23 7HU

1. Area of Planned Activity.

As part of the ECOWings project, acoustic sampling will be conducted to the Northeast of the Isle of May, including in and around the Seagreen Offshore Windfarm. The area of operations is shown below in fig 1.

NOTICE TO MARINERS

Fig 1 – ECOWings area of operation.

2. Activity Description

On behalf of the ECOWIND project, ECOWings will conduct acoustic sampling of the area to the Northeast of the Isle of May, including within the boundary of the Seagreen Offshore Wind Farm. This aim of the sampling is to measure fish distributions in and around the offshore wind farm sites in the Firth of Forth area. The survey vessel Ebbsfleet is expected to arrive in the Seagreen area on or around the 11th of June, with sampling operations being complete within 24 hours. Vessel details below.

3. Vessel Details

Vessel – Ebbsfleet	Contact Details	
	Call Sign	MLCW6
	MMSI	235032338
	Vessel Details	
	Length	11m
	Beam	4m
	Draft	N/A
	Vessel Contact	Graeme.watters@sse.com

4. Safety Zones

As all the Seagreen Wind Turbine Generators are fully commissioned, mandatory 500m safety zones shall be established around any WTG where major maintenance work is being undertaken, where major maintenance is as per the definition given in the 2007 Regulations. The safety zones will be active whenever a major maintenance vessel is at the WTG during the operational phase. Up to five of these safety zones could be concurrently active, but no more than four where there is one active 500m safety zone around the Offshore Sub-station Platform.

A mandatory 500m safety zone shall be established around the Offshore Sub-station Platform where major maintenance work is being undertaken, where major maintenance is as per the definition given in the 2007 Regulations. The safety zone will be active whenever a major maintenance vessel is at the OSP during the operational phase.

MARINERS ARE REMINDED to navigate with caution and keep continued watch on VHF Ch.70/16 when navigating the area.

NOTICE TO MARINERS

5. Distribution List

A central list of recipients is maintained by the Marine Coordinator; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at the address included in Section 1 of this notice.
