1. Area of Planned Activity.

Trenching operations will be carried out on the north HVDC export cable at Carnoustie Beach export cable landfall site, Angus.

NOTICE TO MARINERS

2. Activity Description

On behalf of Seagreen Wind Energy Ltd, Nexans AS will continue trenching operations on the north HVDC export cable at the nearshore export cable landfall site at Carnoustie Beach, Angus. The location is shown below in fig 1. During this operation two vessels will be used to bury the cable. The utility vessel Green Isle and RHIB Echo are expected to commence operations on or around the 17th of June, vessel details below.

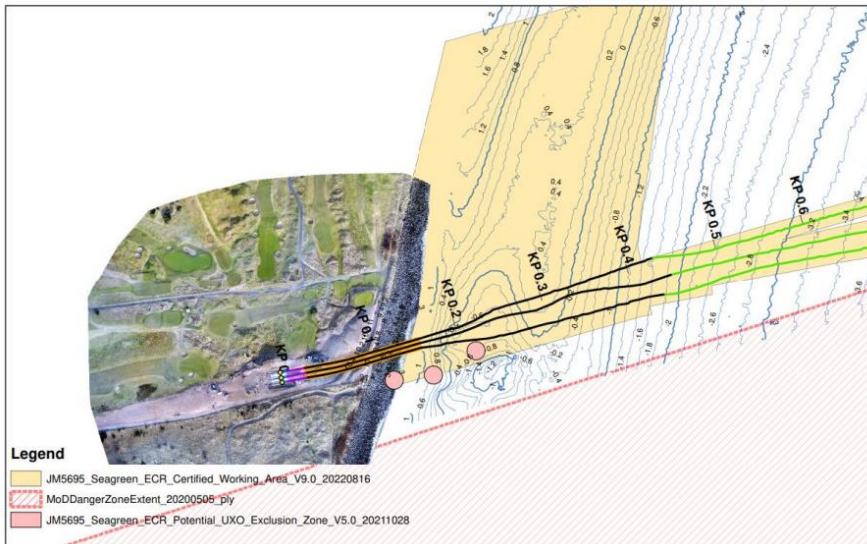

Fig 1 – Carnoustie export cable working area.

	Length	27.2m		
	Beam	11.5m		
	Draft	2.9m		
	Vessel Contact	Geir Korstad geir.korstad@nexans.com		

NOTICE TO MARINERS

Vessel – Rhib Echo	Contact Details	
	Call Sign	2FZJ6
	MMSI	235095508
	Vessel Details	
	Length	8.0m
	Beam	2.0m
	Vessel Contact	Geir Korstad geir.korstad@nexans.com

4. Safety Zones

Following consideration by Scottish government ministers it has been agreed that during the construction phases of the Seagreen development mandatory rolling 500m safety zones will be established around each Wind Turbine Generator and/or their foundations whilst construction works are in progress, as indicated by the presence of a construction vessel. The safety zones will be triggered whenever a vessel is on station at a WTG and undertaking construction activities.

In addition, mandatory pre commissioning 50m safety zones will be established around each Wind Turbine Generator and/or their foundations when construction works have been completed but prior to Wind Farm commissioning or where construction works have only been partially completed. These safety zones will be active at any structure during the construction phase where a construction vessel is not present at a Wind Turbine Generator.

MARINERS ARE REMINDED to navigate with caution and keep continued watch on VHF Ch.70/16 when navigating the area.

5. Distribution List

A central list of recipients is maintained by the Marine Coordinator; if you are not the appropriate recipient of these notices, or do not wish to receive the notices in the future, please contact us at the address included in Section 1 of this notice.
